

Portrait Sessions

Glamour and Boudoir is undeniably Second Glance Photography's true forté. Second Glance's philosophy is to create *images that will make people look twice*. To accomplish this we begin with a consultation that will allow you to see a wide variety of examples of our work. This will not only show you what we have created for our clients in the past, but many times gives you ideas of images that *you* would appreciate. We customize every portrait session to our client's needs and desires. This creates unique images that can represent *you* and the "many sides of your personality."

Centerfold Session **\$600.**

- ❖ Up to 4 hours in the studio or at your location;
- ❖ Digital Previews to verify your images;
- ❖ An Album of your favorite 12 images

Location Session (on location, first hour) **\$250.**

Studio Session (in the studio, first hour) **\$150.**

Additional hours **\$ 99.**

You choose how many hours you want to capture all the looks you desire. All of our sessions use digital imaging so that you get to see your images as they are created, and you know we are capturing *exactly* what you want!

If you desire the optimum results from your Custom Session, we recommend that you use a professional Makeup Artist and Hair Stylist. We prefer to use a Commercial Artist, who is experienced and excels at makeup and hair for film, print, magazines, video & TV. Just ask us for a card!

Additional Sheets of the same pose	\$ 15.

Studio Policies and Suggestions

With all the effort and creativity that goes in to creating your images, Second Glance Photography protects your images in accordance with the *Copyright Act of 1976*. This federal statute prohibits any and all unauthorized duplication or reproduction of Copyrighted images. We appreciate your support in protecting the work that we create for you!

In order to guarantee your time for your session, all Session Fees must be paid when the session is booked. All fees collected are fully refunded if cancellation allows at least 24 hours advance notice. Prints, Reprints, Enlargements and additional services must be paid when orders are placed.

If you are taking advantage of our Commercial Makeup Artist, please come in with *clean, dry hair* and *no makeup*. We will take good care of you from there! If you normally need to do anything special to your hair to make it "behave," please let us know or bring in any items you would normally use. Don't forget to pay attention to your nails, as they may show in some shots. In terms of outfits or themes, try to think of your favorite outfits - or, if this is for someone special, *his* favorites! Something that relates to one of his hobbies, interests or jobs is sure to be appreciated! Most of our clients also like to show the different sides of their personality - the "sweet and innocent" side as well as the "naughty" side. Have fun with it!

We normally recommend that you do not wear any tight or constricting clothing (bra or tight underwear) for a few hours prior to your session, as the straps/waistbands usually leave pink marks that may require more expensive print retouching. Don't forget to shave as required. You will want to avoid nicks or red bumps, and remember that in a Boudoir Session you typically wear outfits that reveal more than usual. Last but not least, *relax* and *enjoy* your session! This is your moment to be a Star and the center of attention - and you are going to look as beautiful as you *ever* have before!

If you have *any questions at all, please ask!*
